

# REGISTERING YOUR VEHICLE GATEWAYS

## HOW TO REGISTER YOUR VEHICLE GATEWAYS

**Suggestion:** use vehicle numbering and model or license plate to identify each vehicle

1. Log on to our website UseDryLINK.com.
2. Go to the settings section in the web portal
3. Click on “Gateways & Locations”
4. Scroll down to and click on “Add New Gateway”
5. Enter the name of the vehicle
6. Enter the UUID of the vehicle gateway
7. Select “Vehicle” from the drop down menu
8. Scroll to the bottom and click “Save Changes”

The screenshot displays the Phoenix web portal interface. At the top, the navigation bar includes 'PHOENIX', 'JOBS (2)', 'EQUIPMENT (34)', 'ASSET MANAGER', and 'ENTERPRISE ^'. On the right, there is a 'Settings' link with a gear icon, a user profile for 'KH Keith Hosli', and a 'Sign Out' link. The main content area is titled 'SETTINGS' and contains several tabs: 'My Settings', 'Job Management Alerts', 'Automation', 'Team', 'Gateways & Locations' (highlighted in red), 'Labels', 'Company Profile', 'Integrations', and 'Subscriptions'. Below the tabs, there is a section for 'Warehouse(s) (1)' with a table containing one entry: 'Tudor Warehouse' with address '10316 Tudor Ln', city 'River Ridge', state 'LA', and zip code '70123'. Below this is a '+ ADD NEW WAREHOUSE' button. The next section is 'Gateway(s) (1)', which is currently empty. It has columns for 'Gateway Name', 'UUID', 'Type', 'Location Coordinates', 'Status', and 'Last Read Time'. Below this is a '+ ADD NEW GATEWAY' button. At the bottom, there are two buttons: 'SAVE CHANGES' (highlighted in red) and 'CANCEL'. Numbered arrows (1-8) point to the following elements: 1. The 'Settings' link in the top right; 2. The 'Gateways & Locations' tab; 3. The 'Gateways & Locations' tab; 4. The '+ ADD NEW GATEWAY' button; 5. The 'Gateway Name' input field; 6. The 'UUID' input field; 7. The 'Type' dropdown menu; 8. The 'SAVE CHANGES' button.
